St JAMES MANOR

A Five-Star Seaside Retreat

St James Manor overlooks the trendy and vibrant fishing village of Kalk Bay with majestic views across False Bay and the Indian Ocean. Historically known as 'millionaire's mile', St James is making its comeback as one of the trendiest places to stay in Cape Town. The area boasts grand old houses and the traditional, colourful Victorian bathing boxes. Fresh fish can be bought from the local fisherman and the harbour itself offers superb seafood restaurants from rustic, local cuisine to fine-dining experiences. Mediterranean in style, the main road is a hive of novel antique shops, galleries and delis a mere three-minute walk from the Manor.

A Stately Seaside Retreat

In front of St James Manor, across the road, you will find the famous tidal pools and swimming beaches. A favourite pastime is the early morning swim in the wind-protected, warm waters of St James. The area also offers interesting walks along the historic promenade and up the imposing mountains. Perhaps the biggest attraction is the land-based whale watching in season. They appear literally metres from the shoreline and can be seen clearly from the manor house. Built 100 years ago, St James Manor has an aura of grandeur and old-world charm. A magnificent staircase leads up to the large suites that are individually decorated to reflect the opulent times of a bygone era. Carved into the mountain is a private and sheltered swimming pool and tanning deck with views across False Bay. Breakfasts are a speciality offering a wide choice of delicious fare and are inclusive, as are all beverages. Lunch and dinner can be arranged.
